

# DCNM-ENCF Electronic name card foot

## DICENTIS

- ▶ For the tabletop mounting of DCNM-ENCS and DCNM-ENCD
- ▶ No drilling required
- ▶ Easy repositioning of the electronic name cards

The Electronic name card foot is used to tabletop mount the DCNM-ENCS or DCNM-ENCD. It gives the installer the flexibility to change the position of the electronic name cards as required and remove them without leaving any drill marks.

### Functions

#### General

- Used to tabletop mount the DCNM-ENCS and DCNM-ENCD.
- Easily repositioned and removed.

### Installation/configuration notes

This is a professional product that should be installed, used and maintained by trained professionals only.
